**quick brew guide**

1. Start with best whole bean coffee.
2. Keep it whole bean, in freezer.
3. Grind only what you need, right from freezer.
4. Use 2 level TBS of ground coffee for each 6 OZ of water.
- 5a. H2O: best if clean and sweet, cold and not boiled before.
- 5b. Temp: less than 200° F, or just off the boil.
- 5c. Time: 4 to 6 minutes.
6. Drink it fresh brewed, don't hold on heat element.
7. What else? The best home brewer: a French press.
8. Oh yeah, keep listenin' to your pappy, but edit, baby.
